

News from the Shop

June 2017

Hi Everyone

Just a few things this month, Information on hours while we are in the Philippine, Buddy Dive Resort in October and Villa on Dunbar Rock at spring break 2018. Last but not least a Message from the Maintenance Department

So, let's continue talk the Philippines

We will be on limited business hours from June 15th through July 2nd.

June 20th & 21st 5:00pm to 8:00
June 24th 10:00am to 2:00pm
June 27th & 28th 5:00pm to 8:00
July 1st 10:00am to 2:00pm

Sorry for any inconvenience this may cause but these are the only hours we will during this time. On July 3rd we will return to normal business hours. While we are on these limited business hours please e-Mail or v-Mail us with any questions. We will get back to you as soon as possible.

A note from those who do maintenance on your equipment.

Before you secure the dust cap on the first stage be sure to dry the water off the dust cap.

CAUTION: DO NOT dry the water off the dust cap using air from the tank. This can blow water into the first stage which can cause corrosion and shorten the life of the regulator.

Dry the water off the dust cap by blowing on it. A few puffs is all that it takes.

Before you put your regulator away for the day, thoroughly rinse your regulator in clean fresh water. Soaking it in a rinse tank for 3-5 minutes is preferred.

CAUTION: DO NOT press the purge or inflate buttons while

rinsing or soaking your regulator or inflator. This can let water into the regulator or inflator which can cause corrosion and shorten the life of the regulator or inflator. Hang your regulator up to dry out of the sun.
